

## **Nelson New Zealand**

### **Tussock range is second label**

Gold Medal at the Royal Ester Show 2008.

A rare find to buy Gold Medal winning Pinot Noir at this price point .

Woollaston Winery was set up in 2008 and no expense has been spared.

They own all their own vineyard sites, have a gravity feed ( no pumping of wine ) winery and a professional team that include a viticulturalist and winemaker who have spent time at Neudorf Wines as well as vintages in Oregon and Burgundy.

"Rich characters of ripe black plum and cherry combine with hints of liquorice and oak to give a layered and complex aroma. A core of concentrated black cherry and liquorice characters is supported by an envelope of integrated fine grained tannins. The wine has good length and lingers long in the mouth." The fruit is hand picked and spent time in 40% new oak.
